4 Feb, 2012 (Saturday) 9:30-5:30pm *Conducted in English only	School Hall Wah Yan College Kowloon 56 Waterloo Road, Yaumatei, Kowloon, HK	<u>A QUESTION OF FAITH</u> What does it mean to be a person of faith in today's world? Is it about 'believing six impossible things before breakfast'? Or perhaps more about trusting a power beyond ourselves rather than giving intellectual assent to a set of propositions. Can 'faith' take us beyond 'religion', to a radical following of one who shows us what it means to be 'a human being fully alive'? And what does that following mean for us in our world today, both personally and globally? What questions does the challenge of faith bring up for us, and should we really be looking for answers?	\$150 <input type="checkbox"/> Apply (Lunch included)
11 Feb, 2012 (Saturday) 2:30-5:30pm *With Cantonese Simultaneous Interpretation	9/F, Diocese Centre, 16 Caine Road, Central, HK	<u>THE CHALLENGE OF CHANGE</u> We are living in times of great flux and transition, in which many of our old 'certainties' are breaking down. Where is God in this experience, how can we best navigate the changes we are facing? Can we trust that breakdown become breakthrough, not just for ourselves but for the whole human family? Our Christian faith rests upon a moment of apparently total 'breakdown' on the cross, yet that breakdown becomes a breakthrough into a possibility we could never have imagined - a whole new way of being human. Can this faith apply also to our present global breakdowns, and in what ways might we be able to nourish a new 'spirituality of transition'? During the talk we would also make a reflective journey through the Exodus story, and discover where we find ourselves.	\$50 <input type="checkbox"/> Apply <input type="checkbox"/> I need Cantonese S.I.
