

Lord Our God  
(Flane 16)

At the end of last month, I used on this programme, bits of two chapters from a book about prayer, a book that was originally written in the 1940s and has been recently reprinted in an edition rewritten by the author for the 70s. 'The Prayer of Faith', as he calls his book, has been very helpful to many people over these years; so today, a further sampling. "Olen a young man has fallen in love....."

To pause now, for a prayer in reprise: the first two verses of the hymn "Pange Lingua" (perhaps better known to many for its last two verses which begin with the words 'Tantum Ergo'). This setting is by the Hungarian composer Kodaly.
