

Joy of Ann 2' Sussex Carol [1:45]

ADVENT PREF. 2

Tonight is that night of wonder and praise, Christmas — the gift of God to us all, the child born for us at Bethlehem. A time to remember, and to wonder, to give joyful praise and thanks to God

May this Christmastime bring us all, the gifts of God's grace, the peace and joy of Christ with us, with our families and each of our friends. May your Christmas gift be God's love, received and given. May our celebration this year bring us a deeper understanding that God is with us, our Saviour has come: let us welcome him in wonder and praise. "Adeste Fideles" — let us, Christians, be there at His coming ~~this~~ Christmastime. And a reminder that if you're at home tonight, you may like to join the congregation at Ricci Hall chapel in the university of HK for the broadcast of Midnight Mass on Radio 4

And may I wish you every joy, a blessing of Christmas
